Nitish Kumar
Software Developer

Location: Gurugram, India   Number: +91-9540306965   Linkedin.com/in/nitish-kr/
Date of birth: 03-01-1996   nitish.prodev@gmail.com   nitishpro.dev (my portfolio)

Seeking to leverage my **4+ years** of experience in **React**, **Next.js**, and **web development** to alleviate **inefficiencies** in enterprise UI systems and deliver **scalable**, **high-performance** applications in the **Software Engineer role**. I'm excited about the opportunity to deepen my understanding of global enterprise challenges within the engineering industry. As of today, I am ready to contribute as a full-time **Software Engineer**.

Work experience

Taskex Technologies | Frontend Developer   *Gurugram, Haryana| 03.2024 - Current*
- **Collaborated** with a 7-person software development team to **improve Movermate crm's performance**
- Created **visually impactful interfaces** to **transform raw data into actionable information** using **React.js**
- **Improved user interface responsiveness and usability**, leading to a **25% increase in feature engagement**

Technobuds | Frontend Developer   *Noida, UP | 04.2023 - 02-2024*
- Built scalable UI components using **React** and **Redux** for enterprise apps
- Worked with designers and backend teams to **ensure consistent UX**
- **Optimized performance** and frontend architecture to **reduce load times**

Rayzor Infotech | Software Developer   *Saket, Delhi| 03.2020 - 03.2023*
- Develops intuitive, user-friendly interfaces using **HTML5**, **CSS3**, **JavaScript** and **React**.
- Translates wireframes into functional **UI** with close **UX** collaboration.
- Builds **responsive designs** for seamless performance across all devices.

Education

Sharda University | Bachelor's Degree   *Greater Noida, UP| 07.2012 - 07.2016*

Completed **B.Tech in Computer Science** from Sharda University with a consistent academic record and a cumulative GPA of **6.8/10**, demonstrating steady growth in technical and applied skills.

Skills

React.js • Next.js • Redux • TypeScript • JavaScript • ES6 • HTML & CSS • Axios • Tanstack Query • JSON • REST API • PostMan • Git • Microservices • OOPs • MVC • Docker • EC2 | ■ *All professional proficiency or above*

Projects

o **MoverMate CRM**: Contributed to a CRM platform for Australian moving businesses by developing user-facing features with Next.js and TypeScript, integrating CMS functionalities, and maintaining the component library using ShadCN and TailwindCSS in collaboration with cross-functional Agile teams. ([Link](#) here)

o **Ozwide movers business website**: Collaborated with the content management team to enhance and maintain the Ozwide Movers website by implementing CMS improvements, optimizing UI components, and ensuring accurate, user-friendly content delivery. ([Link](#) here)
